IN.TUNE Language Café for students: Meet, Talk and Learn Across Europe

First session: 3 November 2026

*Would you like to practise a language, meet students from other countries and discover new cultures? Join the **IN.TUNE Language Café**, an online language exchange for students from all eight IN.TUNE partner universities.*

The Language Café is a relaxed and informal space where you can practise languages through real conversations with fellow students. Whether you are a beginner or already confident in another language, everyone is welcome.

What is the Language Café?

Learning a language is about more than grammar and vocabulary. It is also about talking to people, sharing experiences and discovering different ways of seeing the world.

In the IN.TUNE Language Café, you will meet students from across the alliance and have the opportunity to practise languages together. You may speak with native speakers or students who are more experienced in the language you want to learn, while also helping others practise a language you know.

There are no formal lessons or tests. Just conversations, cultural exchange and the chance to make new international connections.

How does it work?

Before each session, you will sign up and tell us:

- Which languages you speak or know
- Which languages you would like to practise or learn

During the session, you will be matched with other students in pairs or small groups in **Zoom breakout rooms**. You can then chat, practise and learn from one another in a friendly, low-pressure environment.

If you enjoy meeting your language partners, you can also stay in touch between sessions through the **Language Buddy** system.

Who can join?

The Language Café is for students who would like to:

- Practise and improve their language skills

- Meet students from other IN.TUNE universities
- Discover different cultures and perspectives
- Gain international and intercultural experience
- Build connections across the IN.TUNE alliance

You do not need to be fluent in another language to take part. The most important thing is to be curious, open to conversation and willing to learn from each other.

Join us!

Tuesday 3 November 2026

13:00 CET

Online via Zoom

Come along, bring your language skills and curiosity, and meet fellow students from across the IN.TUNE alliance.

We look forward to seeing you at the first IN.TUNE Language Café!

Deadline for registration is Tuesday 27 October 23:59
